To Whom It May Concern:

Last spring we had Rupert Hart (Summit Deck Doctor) power wash + re-seal our wrap around deck at our home in the Santa Cruz Mountains. Our deck was in sad shape and Rupert's efforts gave our deck new life. It not only looks great, but it is safer, as the treatment that he applied has helped to mitigate our splinter problem. I would highly recommend Rupert to anyone considering him for his or her deck job. He is professional, does a great job, and works in a timely fashion.

Regards,

To Whom It May Concern:

This letter is being written on behalf of Rupert Hart- The Summit Deck Doctor. Rupert has provided me with deck staining services twice. On both occasions Mr. Hart's work was completed on time and on budget. His estimate was presented in a very professional manner and in my opinion was fair and concise. The quality of services rendered was exceptional and I was very pleased with the end product.

I will not hesitate to contract with The Summit Deck Doctor when I need additional services and would recommend Rupert to anyone in need of his expertise. He and his company are refreshing to work with in that you get what you contract for at a fair price and receive quality service.

Regards,

To Whom It May Concern:

Several years ago I called Rupert Hart to give me an estimate on pressure-washing and staining my mold-ridden 3,000 sq.ft. deck around my home in the Santa Cruz Mountains.

Rupert gave me an estimate of the cost and time involved. He arrived when he said he would, did the work we agreed upon and finished on time and within budget. He left the area clean and beautiful.

I would highly recommend Rupert to anyone. He is professional, honest, efficient and on-time!

To Whom It May Concern:

I have a large L-shaped deck around my home in Scotts Valley, CA. Unfortunately, the original sealer brushed on my deck had worn off and my deck had become quite grey.

I contacted Rupert Hart (Summit Deck Doctor) to obtain a quote to refinish my deck. He came to my home, measured my deck, showed me samples of different colors I could use, and gave me a quote.

After obtaining 3 quotes I decided to have Rupert Hart refinish my deck. I appreciated the fact that he could finish my deck before the cool weather started and I could protect my deck over the winter.

Rupert started the job as scheduled and completed the job as promised.

I'm extremely happy with the quality of his work and I would recommend Rupert Hart to any of my friends who need deck work in the future.

Sincerely,

Kim Stribling

To Whom It May Concern:

We are writing in regard to the outstanding work of Rupert Hart and his work partner, Michael. Rupert and Michael stained our decks here in the Los Gatos Mountains this past summer. Working with them every step of the way was such an absolute pleasure that we actually missed them when they finished! How often is this the experience of people we contract with? It is quite the rarity in our experiences.

Both Rupert and Michael are reliable, trustworthy, straightforward, honest and hard working. Their work is meticulous and it is quite clear they take great pride in it. It is an art and not just a job for them. They work together to create the best outcome possible for each job. They look at each job individually and plan it. We had a difficult arbor, and although they generally don't do arbors, Michael came up with a unique plan to drape and spray it. It certainly was not easy and cost them more time on the job, but Rupert was very open to Michael's suggestion to please the customer, and the arbor turned out beautiful. There was no added cost for this individual plan, just a genuine desire to do the best possible job. Rupert and Michael are genuinely good people who care about you and your job.

We'd love for anyone to come see our decks or call us with any questions: (408) 353-2014

Sincerely,

To Whom it may concern,

I, William Hanlon, a resident of Redwood Estates, hereby testify to the quality, timeliness and dedication of work of Summit Deck Doctor.

Rupert Hart's presentation of services was honest and straight forward. The work involved quality of materials, efficiency of workmanship. I had one deck done in 2006 and a second in 2007.

I was totally satisfied with the work done by his company. I freely recommend his company to friends and anyone in need of deck services. Please call me at (408) 353-2063,or e-mail to whgrumbles@gmail.com.

Sincerely,

William Hanlon

Since our deck and walkway boards were already quite dark, Rupert suggested a rather dark seal so that the whole project would have continuity. His suggestion of "Coco Shell" was an excellent one, as it not only provided excellent coverage, but it also complemented the brown color of our beams and roof. Once the power washing and cleaning was complete, Rupert applied the seal in a timely fashion, paying attention to detail as well. He is an experienced deck doctor who approaches the job in a professional manner. We are pleased with his excellent work!
